SOME SAMPLE PROJECTS

■ Defense Intelligence Agency (DIA), Solution for Intelligence Human Capital (SIHC)

Denysys provides the full range of human capital services to DIA spanning the extent of DIA's human capital responsibility. This support includes but is not limited to the following: Project/Program Management; Human Resources Operations and Technical Support; Workforce and Manpower Analytics; New Employee Orientation; Awards Management; Senior Executive Program and Support; Defense Civilian Intelligence Personnel System (DCIPS) Support; Career Development Management; Foreign Language Management; Human Capital Technical and Information Technology Support; Conflict Management Technical Support and Learning Support.

■ U.S. Army Medical Research and Materiel Command (USAMRMC)

Denysys Corporation was the prime contractor retained by the U.S. Army Medical Research and Materiel Command (USAMRMC), Medical Command (MEDCOM) to perform sustainment of the Army's Theater Enterprise Wide Logistics System (TEWLS). This Performance-Based Acquisition required us to perform a variety of information assurance (IA) tasks including: enhancements, implementation of new functional (Business Process) requirements, and knowledge transfer, in support of the U.S. Army Medical Research and Materiel Command, Theater Enterprise-Wide Logistics System (TEWLS).

■ Department of State (DoS)

Denysys provides support to the U.S. Department of State (DoS) Office of Medical Service (MED). We provide on-going Information Technology (IT) systems management operations and maintenance support activities. These activities include: system configuration control, Help Desk/user support, and system administration/network support. These functions, under the direct supervision of MED's Medical Informatics (MI) Division, provide MED with comprehensive IT support for its critical clinical and business operations.

■ Food and Drug Administration (FDA), Office of Financial Management (OFM)

Denysys provided services to the FDA's Office of Financial Management that included the breadth of Business Transformation services. These services included: management consulting services, facilitation services, program management, training & curriculum development, communications, business process improvement, and limited operational support activities.
